

Ridgewood Area

Quarterly News Paper

Southeast corner of Sunnyside and Alpine with poles

City Staff and the Consultant will go before the City Council with the 90% plans. The intersection improvements for Orlando Avenue and Magnolia will be removed from the Ridgewood QNP bid package in order to take advantage of available federal funds.

As a friendly reminder, if you are planning to make improvements to your driveway it is important that you send your approved plans to Charles Wallace, Project Manager. You can contact him at 407-539-6217 or email him at cwallace@itsmymaitland.com. Without approved plans, changes such as driveway improvements (curb cuts) cannot be incorporated into the design of the QNP improvements.

If you should have any questions please call the Public Works Department at 407-539-6217.

Yvonne D'Avanzo, Public Works Project Coordinator

The utility poles are being removed!

The final implementation meeting for the Ridgewood Quality Neighborhood Program (QNP) was held November 20, 2006.

With many of the utility poles already removed, the area is looking better. Progress Energy has been removing the poles that are vacant of any utility use. Brighthouse has completed the relocation of their equipment and Embarq is updating their design.
